GLOBE®

TECHNICAL 10" BOOT

Built with our unique athletic footwear construction for remarkable flexibility, TECHNICAL includes an exclusive PORON® XRD™ metatarsal guard for impact protection you'll hardly feel.

FEATURES

- **FLAME-RESISTANT, WATER-RESISTANT HEAVY-DUTY LEATHER.** Specially softened tumbled leather in high-flex areas to move with you.
- **GORE® CROSSTECH® FOOTWEAR FABRIC.** A full-height bootie liner made from a package of Omaha lining fabric, 300g insulation, and GORE® CROSSTECH® moisture barrier provides protection unmatched by any other waterproof, breathable barrier.
- **COMPOSITE HEEL COUNTER.** Individually molded to fit each size perfectly.
- **COMPOSITE SHANK.** Lighter than steel, doesn't transmit heat or cold, springs back to shape better.
- **COMPOSITE PUNCTURE PROTECTION.** Far more flexible than a steel plate and doesn't transmit heat or cold. Exceeds NFPA standards.
- **VIBRAM® CONTOURED CUP OUTSOLE.** Molded outsole wraps onto the leather upper for athletic shoe performance. Flame, abrasion, oil, acid, and slip-resistant compound engineered for high traction and durability, even during prolonged exposure to extremes of heat and cold.
- **SLIP-RESISTANT TREAD.** Siping – thin slits cut into flat areas across the sole – opens up when flexed to provide additional traction on water and ice. Self-cleaning lugs and omnidirectional tread pattern designed for superior performance in all terrains and when working on ladders.
- Optional **VIBRAM® ARCTIC GRIP PRO** outsoles are available for even better slip resistance on wet ice.
- **COMPOSITE SAFETY TOE CAP.** Lighter than steel, doesn't transmit heat or cold, and exceeds NFPA 1977 standards for safety.
- **METATARSAL GUARD.** Additional protection for the bones extending back from your toes over the instep is provided by a flexible, lightweight, molded PORON® XRD™ impact-resistant foam you'll hardly even feel.
- **COMPOSITE SAFETY TOE CAP.** Lighter than steel, doesn't transmit heat or cold, and exceeds NFPA 1977 standards for safety.
- **ENHANCED 3D MOLDED FOOTBED SYSTEM.** Removable footbeds are contoured to cradle and cushion the bottom of your feet and to provide arch support. Urethane foam bottom layer provides durable cushioning while a micro-cellular open-cell foam top layer delivers cool, all-day comfort. Moisture-wicking and anti-microbial fabric top pulls moisture away from your feet. A second, thicker removable footbed is provided for a snugger fit or when wearing lighter socks.
- **3D COMPOSITE LASTING BOARD.** Lasted to boot uppers with a built-in flex zone in the forefoot and a torsionally stable heel. Works together with the footbed to conform to your foot's shape.
- **ATHLETIC FOOTWEAR CONSTRUCTION.** Two-part cross-linking adhesive bonds outsoles to the upper. Without stiff welts and ribbed mid-soles, this attachment process is far more flexible.
- **QUICKZIP CLOSURE.** The advantages of a lace up for a custom fit and the convenience of a zipper.

EXTENDED SIZE RANGE

- **Men's:** Full Sizes 5-18 and Half Sizes 5 1/2 - 15 1/2 in Narrow, Medium, Wide, and X-Wide widths.
- **Women's:** Full Sizes 5-12 and Half Sizes 5 1/2 - 11 1/2 in Narrow, Medium, Wide, and X-Wide widths.

Certified to NFPA 1951 (Technical Rescue), NFPA 1999 (Emergency Medical), NFPA 1977 (Wildland), and NFPA 1992 (Liquid Splash).

CSA certified version available.
