- ⑦ 1" length increments

## KEY RETAINED FEATURES

- ① AXTION Back
- ② AXTION Sleeve
- 3 fits: *Men's Straight, Men's Tapered, Women's*

## KEY FEATURES

### MESH CHANNELS IN THERMAL LINER

- Two layers of Kevlar mesh replace the traditional thermal liner in two strategically placed channels.
- The knit construction of the mesh makes it mechanically stretchable.
- The channels work in conjunction with the AXTION Back to enable greater range of motion while eliminating excess material.

### REDESIGNED COLLAR CLOSURE

- Shortened and shaped T-collar naturally aligns when the front closure is fully engaged.
- The collar is short enough to not interfere when the closure is not engaged.
- Convenient stowing to the front Velcro for added control when not engaged.

### MIC PASS-THROUGH

- Pass-through port in the front closure for the radio mic.
- Allows the use of a zipper/Velcro closure without requiring the microphone to come out of the collar.
- Fully compliant with shower test and water ingress prevention requirements.

### MORE FIT OPTIONS

- Additional size options added for all fits—chest sizes and lengths.
- Addresses the diverse population entering the fire service by providing more fit options for better fitting PPE.

	Tapered	Straight	Womens
CHEST SIZES	26" – 68"	26" – 68"	26" – 68"
CHEST INCREMENTS	2"	2"	2"
LENGTH SIZES	26" – 40"	26" – 40"	26" – 40"
LENGTH INCREMENTS	1"	1"	1"
